SUMMARY OF CHANGES

(End of Summary of Changes)

The following items are applicable to this modification:

2ND PAGE

- a. This amendment is issued to answer questions concerning the Fort Wainwright Quick-Fix Program.
- 1. What is the expected scope of the work to take place under this contract?

The expected scope of work under this Blanket Purchase Agreement (BPA) requires contractors to *furnish minor construction related service*.

2. Is it expected to be principally minor maintenance?

Not necessarily, a call could range from changing a light bulb to rebuilding a roof.

3. Is any history available of work volume conducted under a similar contract or contracts in recent years?

No, the Quick-Fix program is a completely new requirement.

4. What is the estimated total amount of work to be contracted annually among all selected firms?

Currently, the estimated total amount of work to be contracted annually is estimated at \$500,000. Only calls under \$2,000.00 will be rotated between BPA holders.

5. What is the system for using a Government Purchase Card? Is this simply a credit card similar to a Visa or M.C. with the associated fees charged to the vendor by the payor?

The Government Purchase Card is a U.S. Bank-Visa.

6. Is any projection of the volume of various types of work available? It would be very helpful if the respondents had some of the volumes of mechanical, electrical, carpentry, grading, etc. that might be required.

No. Again, the Quick-Fix program is completely new.

b. The response date is not extended.
